Statement of the Board Chair

for the year ended 31 December, 2007

We are pleased to note the sustained sound financial health and stability of the Institute, and the prudent management of the financial resources. Total revenue amounted to US\$47 million against expenditure of US\$45 million. The Institute's liquidity and reserve levels are above the CGIAR recommended benchmarks and reflect its continued ability to meet both long and short-term obligations. The 2007 audited financial statements reflect remarkably improved operating results due largely to, increased investor confidence, continuing implementation of a leaner cost structure and effective costs.

Financial risks form part of a broader spectrum of risks the Institute manages, and are mitigated by a prudent investment policy and maintenance of adequate cash reserves. The Board, as part of its risk assessment and management role, will continue to monitor and manage these risks to the best advantage of the Institute's mission and the interest of stakeholders and investors.

On behalf of the Board of Trustees, the management and the staff of the Institute, I express my gratitude to IITA's investors and partners for their contributions towards the laudable mission of the Institute, which is aimed at reducing hunger and poverty in Africa.

Bryan Harvey
Chairman, Board of Trustees

22 February, 2008

Report of Management

The accompanying financial statements of IITA are the responsibility of management, and have been prepared in accordance with accounting policies and practices prescribed for international research centers seeking assistance from the Consultative Group on International Agricultural Research (CGIAR) as set out in Financial Guidelines Series, No. 2 - Accounting Policies and Reporting Practices Manual.

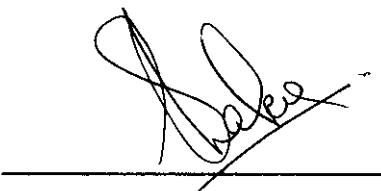

IITA maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded and transactions are properly executed. IITA's Internal Audit system provides ongoing evaluations of the adequacy, effectiveness and adherence to management's established policies and procedures. The Board of Trustees exercises its responsibility for these financial statements through its Audit Committee.

The Audit Committee, composed of Board of Trustees members who are not officers of the Institute, meets with the independent auditors, management and internal auditors periodically to discuss internal accounting controls, auditing and financial reporting matters. The Committee reviews, with the independent auditors, the scope and results of the audit effort.

The accompanying report is based on an audit by the independent accounting firm of PricewaterhouseCoopers.

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF THE INTERNATIONAL INSTITUTE OF TROPICAL AGRICULTURE

We have audited the accompanying financial statements of International Institute of Tropical Agriculture which comprise the Statement of Financial Position as of 31 December 2007 and the Statements of Activities and Cash flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

The management is responsible for the preparation and fair presentation of these financial statements in accordance with policies and practices prescribed for International research centres seeking assistance from the Consultative Group on International Agricultural Research (CGIAR), as described on page 2.

Auditor's responsibility

Our responsibility is to express an independent opinion on the financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform our audit to obtain reasonable assurance that the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We have obtained all the information and explanations that to the best of our knowledge and belief were necessary for the purposes of our audit and we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

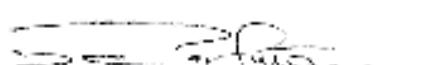

In our opinion, the Institute kept proper books of account and the financial statements, which are in agreement with the books of account give a true and fair view of the state of the financial affairs of the Institute at 31 December 2007 and of its surplus and cash flows for the year then ended in accordance with CGIAR Accounting Policies and Reporting Practices Manual.

The supplementary schedules as shown on Appendices I to IV for the year ended 31 December 2007 are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The information on Appendices I to IV have been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion is fairly presented in all material aspects when considered in relation to the basic financial statements taken as a whole.

International Institute of Tropical Agriculture
Notes to the Financial Statements
31 December, 2007

1. Charter of incorporation

The International Institute of Tropical Agriculture (IITA) is a private, autonomous, not-for-profit, scientific and educational institute chartered under the laws of Nigeria by Decree number 32 dated July 1967, to engage in research on resource and crop management and the improvement of selected food crops in sub-Saharan Africa.

2. Summary of significant accounting policies

IITA's financial statements, expressed in U.S. dollars, are prepared on the basis of accounting practices prescribed for international agricultural research centers seeking assistance from the CGIAR - Financial Guidelines Series No. 2. The CGIAR is an international association sponsored by the World Bank, the Food and Agriculture Organization of the United Nations and the United Nations Development Programme. The CGIAR prescribes accounting practices which conform with internationally accepted accounting principles for not-for-profit organizations.

(a) Restatement of foreign currency accounts

IITA's financial statements are expressed in U.S. dollars. Transactions in other currencies are recorded in U.S. dollars at the rate of exchange prevailing on the date of the transaction.

Assets and liabilities denominated in foreign currencies are adjusted at the prevailing exchange rate on the date of the statement of financial position. Gains and losses arising from restatement of accounts are credited or charged to operations.

(b) Property and equipment

Property and equipment are shown at acquisition cost less accumulated depreciation. Acquisition cost represents the purchase price of the item plus freight, insurance and handling charges. Expense incurred for repairs of an existing property or equipment that increases the estimated life, the capacity or operating efficiency of an asset, is capitalized, if the amount is US\$500 or above. Cost of normal repairs and maintenance of an existing property or equipment is treated as a current operating expense.

Depreciation of property and equipment is computed on straight-line basis over the expected useful lives of the assets as follows:

Infrastructure	40 years
Laboratory and scientific equipment	7 years
Furniture and Fixtures	7 years
Vehicles	5 years
Computer equipment	4 years
Powerhouse	25 years

The aircraft is depreciated to its salvage value.

In compliance with the CGIAR financial guidelines, the Institute continued to implement a no asset, no depreciation policy. Only property and equipment which were acquired during the year (with the title passing to the Institute) or transferred to the Institute via donations were capitalized and subjected to depreciation from the month the asset was placed in operation.

Property and equipment acquired through the use of restricted grants are recorded as assets, and are fully or 100 percent expensed, and are charged directly to the appropriate restricted project in the same year of acquisition.

(c) Inventories

Inventories of consumable stores are stated at cost, less provision for obsolescence, or net realizable value, whichever is lower. Cost represents the purchase price of the item plus freight and handling charges.

(d) Gratuities

Seniority premiums, to which regular employees are entitled upon termination of employment, are based on the length of service to the Institute and commence after one year's employment. Charges relating to these payments are made against revenues in the year in which the benefit accrues to the employees.

(e) Revenue recognition

Unrestricted Grants

Unrestricted grants are recognized in full as revenue in the year specified by the donor. If the pledge is cancelled in a subsequent financial period it is written off against revenues of the year in which it is cancelled.

Unrestricted grant revenue arises from the unconditional transfer of cash or other assets to the Institute.

Restricted Grants

Restricted grants are received in support of specified projects or activities mutually agreed upon by the Institute and donors.

Restricted grants, which in certain instances are for periods of more than one year, are recognized as revenue to the extent of expenses.

Funds received in excess of expenses incurred during the year are classified as "Accounts Payable - donors", while shortfalls of funds received to expenses are classified as "Accounts Receivable - donors" in the Statement of Financial Position. Provision is made in the financial statements for shortfalls of funds received to expenses where collection is considered doubtful. In addition, a general provision on total receivables is made based on past experiences, and consideration of other relevant factors.

Restricted grants are recognized as revenue upon fulfillment of the donor-imposed conditions.

Challenge Program Grants

Challenge Programs are a means for the CGIAR system as a whole to take on global challenges in cooperation with a wide range of partners.

Grants, which in certain instances are for periods of more than one year, are recognized as revenue to the extent of expenses incurred. Challenge Program grants are recognized as revenue upon fulfillment of the partner-imposed conditions.

Grants-in-kind

These are recorded at the fair value of the assets (or services) received or promised, or the fair value of the liabilities satisfied.

(f) Commitments

Whilst these financial statements are prepared on the accrual basis of accounting, in compliance with Generally Accepted Accounting Principles (GAAP), management controls the day-to-day activities of the Institute via commitment accounting.

The net difference on the Statement of Activity between commitment and accrual accounting for the years ended 31 December 2007 and 2006 is as follows:

	2007 (\$'000)	2006 (\$'000)
--	-------------------------	-------------------------

Operating Commitment:

End of year	520	842
Beginning of year	(842)	(701)
(Decrease)/Increase in operating commitments	(322)	141

(g) Indirect cost recovery

The indirect cost recovery represents the overhead cost recovered from the restricted core projects based on rates agreed and as stated in each project document with donors. Calculation of indirect cost recovery rate is based upon the CGIAR guidelines issued in August 2001 (Financial Guidelines Series, No. 5).

3. Cash and cash equivalents

Cash and cash equivalents as at 31 December consisted of the following:

	2007 (\$'000)	2006 (\$'000)
Cash on Hand	639	416
Banks and Short-term Deposits	40,089	33,704

4. Accounts receivable

Account receivables from donors consist of unreleased balances of approved grants and expenses advanced at 31 December, and are classified as follows:

	2007 (\$'000)	2006 (\$'000)
(a) Due from donors		
Unrestricted	471	298
Restricted	2,035	3,147
Challenge Programs	283	396
	2,789	3,841
Provision for Non-Collectibles		
	(1,442)	(1,918)
	1,347	1,923

	2007 (\$'000)	2006 (\$'000)
(b) Others		
Advances to Staff	1,025	1,129
Other CGIAR Centers	519	683
General receivables	54	6
	1,598	1,818

5. Inventories

Inventories of consumable stores, which are stated at cost less provision for obsolescence, consisted of the following at 31 December:

	2007 (\$'000)	2006 (\$'000)
Stores on hand	3,315	4,198
Allowance for obsolescence	(2,062)	(2,792)
	1,253	1,406
Stores in transit	174	397

6. Prepaid Expenses

These comprise imprests and advances to overseas agents for purchases.

7. Property and Equipment

Expressed in US \$ thousands

	Infrastructure	Lab./Scientific Equipment & Furniture/ Fixtures	Vehicles	Computer Equipment	Power-house	Aircraft	Total

At 31 Dec. 2007	51	12,775	6,669	4,863	772	497	25,627
Net book value at 31 Dec. 2007	543	3,092	1,130	377	972	250	6,364

The costs shown above include assets-in-transit of \$1,188,000 and exclude commitments of \$535,000.

8. Accounts payable - Donors

	2007 (\$'000)	2006 (\$'000)
Unrestricted	812	1,298
Restricted	10,964	6,480
Challenge Programs	847	764
	12,623	8,542

9. Accounts payable - Employees

	2007 (\$'000)	2006 (\$'000)
Repatriation	1,659	1,554
Vacation	749	721
Employee superannuation	2,321	1,960
Employee gratuities	3,419	4,466
Pension scheme	396	1,130
Payroll taxes	66	86
Other payroll provisions	289	171
	8,899	10,088

10. Accounts payable - Others and accruals

	2007 (\$'000)	2006 (\$'000)
Other CGIAR Centers	1,018	931
Other Payable (Trade Creditors)	1,591	1,602
Accruals and Provisions	262	294
	2,871	2,827

11. Net assets

Net assets are the residual interest in the Institute's assets remaining after liabilities are deducted. These are classified as follows:

(a) Undesignated net assets

That part of net assets not designated by Institute's management for specific purposes.

(b) Designated net assets

That part of net assets designated by Institute's management for specific purposes.

- *Designation for future acquisition/replacement of property and equipment*

During the year, management approved the re-designation of US\$3 million from undesignated net assets to designated facilities development, in order to improve the efficiency and effectiveness of the Institute.

- *Designation of net investment in property and equipment*

Portion of the unrestricted net assets designated to reflect net investment in property and equipment.

The following is a summary of net assets for the years ended 31 December 2007 and 2006:

	2007 (\$'000)	2006 (\$'000)
Undesignated	12,173	13,097
Designated:		
Acquisition and replacement of property and equipment	8,902	5,588
Net investment in property and equipment	6,364	6,679
	15,266	12,267

12. Other revenues and support

	2007 (\$'000)	2006 (\$'000)
Interest income (on investment)	1,457	1,314
Gain on disposal of fixed assets	282	102
	1,739	1,416

13. Expenses

Program related expenses

Program related expenses are expenses incurred by main research, research support, training and information services as described below.

Research Programs:

Cover expenses on research for development in sub-Saharan Africa.

Research Support Programs:

Include genetic resource and biometrics units, farm and aircraft operations, plant growth facilities, post-harvest engineering, analytical laboratory and research management.

Training

Costs include training offices, fellowships, workshops, seminars, allowances to trainees and training-related travel.

Information Services

Cover the costs of publication of annual reports and technical bulletins, translation and printing of various public information activities and library service.

Program related expenses incurred as of 31 December were as follows:

	2007	2006
	(\$'000)	(\$'000)
Research - programs and support	41,591	40,328
Training	1,179	1,512
Information Services	615	556
	43,385	42,396

Management and general expenses

Management and general expenses in the accompanying statements of activity consist of:

General Administration

Covers the costs of board of trustees, director general's office, administration, internal audit, finance, human resources, personnel and purchasing departments.

General Operations

Include expenses on physical plant services, utilities, communications, security, catering and general services.

Management and general expenses incurred as of 31 December are as follows:

	2007	2006
	(\$'000)	(\$'000)
General Administration	2,810	2,928
General Operations	3,393	3,532
	6,203	6,460
