Statement of the Board Chair

for the year ended 31 December, 2011

We are pleased to note the continued sound financial health and stability of the Institute, and the efficient management of the financial resources. Total revenue amounted to US\$47.4 million (2010: US\$53.2 million) against expenditure of US\$46.7 million (2010: US\$52.9 million). The Institute's liquidity and reserve levels are above the CGIAR recommended benchmarks, and reflect its continued ability to meet both long and short-term obligations. The 2011 audited financial statements reflect a balanced operating result of \$0.7 million positive change in net assets due largely to continuing implementation of leaner cost structure and frugal spending. This was achieved in a year when the indirect cost rate was reduced by 1.8%, from 19.3% to 17.5%.

The Board of Trustees congratulates the management and the staff of IITA for the excellent research being conducted. We express our heartfelt thanks and appreciation to Dr. Peter Hartmann for his ten years as Director General of IITA and warmly welcome Dr. Nteranya Sanginga as the new Director General. We express our deep appreciation to IITA's investors and partners for their contributions towards the laudable mission of the Institute, which is aimed at reducing hunger and poverty in Africa and other humid tropical regions of the world.

Bruce Coulman
Chairman, Board of Trustees

23 February, 2012

Report of Management

The accompanying financial statements of IITA are the responsibility of management, and have been prepared in accordance with accounting policies and practices prescribed for international research centers seeking assistance from the Consultative Group on International Agricultural Research (CGIAR) as set out in Financial Guidelines Series, No. 2 - Accounting Policies and Reporting Practices Manual.

IITA maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded and transactions are properly executed. IITA's Internal Audit system provides ongoing evaluations of the adequacy, effectiveness and adherence to management's established policies and procedures. The Board of Trustees exercises its responsibility for these financial statements through its Audit Committee.

The Audit Committee, composed of Board of Trustees members who are not officers of the Institute, meets with the independent auditors, management and internal auditors periodically to discuss internal accounting controls, auditing and financial reporting matters. The Committee reviews, with the independent auditors, the scope and results of the audit effort.

The accompanying report is based on an audit by the independent accounting firm of Ernst & Young.

Nteranya Sanginga
Director General

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF INTERNATIONAL INSTITUTE OF TROPICAL AGRICULTURE

Report on the Financial Statements

We have audited the accompanying financial statements of International Institute of Tropical Agriculture, which comprise the Statement of Financial Position as at 31 December 2011, the Statement of Activities and Statement of Cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Managements' Responsibility for the Financial Statements

The management is responsible for the preparation and fair presentation of these financial statements in accordance with policies and practices prescribed for International research center seeking assistance from consultative Group on International Agricultural Research (CGIAR) as described on page 2.

Auditors' Responsibilities

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements, and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of International Institute of Tropical Agriculture as at 31 December 2011, and of its surplus and cash flows for the year then ended in accordance with CGIAR Accounting Policies and Reporting Practices Manual.

**International Institute of Tropical Agriculture
Notes to the Financial Statements
31 December 2011**

1. Charter of Incorporation

The International Institute of Tropical Agriculture (IITA) is a private, autonomous, not-for-profit, scientific and educational institute chartered under the laws of Nigeria by Decree number 32 dated July 1967, to engage in research on resource and crop management and the improvement of selected food crops in sub-Saharan Africa.

2. Summary of Significant Accounting Policies

IITA's financial statements, expressed in U.S. dollars, are prepared on the basis of accounting practices prescribed for international agricultural research centers seeking assistance from the CGIAR - Financial Guidelines Series No. 2. The CGIAR is an international association sponsored by the World Bank, the Food and Agriculture Organization of the United Nations and the United Nations Development Programme. The CGIAR prescribes accounting practices which conform with internationally accepted accounting principles for not-for-profit organizations.

(a) Restatement of Foreign Currency Accounts

IITA's financial statements are expressed in U.S. dollars. Transactions in other currencies are recorded in U.S. dollars at the rate of exchange prevailing on the date of the transaction.

Assets and liabilities denominated in foreign currencies are adjusted at the prevailing exchange rate on the date of the statement of financial position. Gains and losses arising from restatement of accounts are credited or charged to operations.

(b) Property and Equipment

Property and equipment are shown at acquisition cost less accumulated depreciation. Acquisition cost represents the purchase price of the item plus freight, insurance and handling charges.

Expense incurred for repairs of an existing property or equipment that increases the estimated life, the capacity or operating efficiency of an asset, is capitalized, if the amount is US\$500 or above. Cost of normal repairs and maintenance of an existing property or equipment is treated as a current operating expense.

Depreciation of property and equipment is computed on straight-line basis over the expected useful lives of the assets as follows:

Infrastructure	40 years
Laboratory and scientific equipment	6 years
Furniture and Fixtures	6 years
Vehicles	5 years
Computer equipment	3 years
Powerhouse	25 years

In compliance with the CGIAR financial guidelines, the Institute continued to implement a no asset, no depreciation policy. Only property and equipment which were acquired during the year (with the title passing to the Institute) or transferred to the Institute via donations were capitalized and subjected to depreciation from the month the asset was placed in operation.

Property and equipment acquired through the use of restricted grants are recorded as assets, and are fully or 100 percent expensed, and are charged directly to the appropriate restricted project in the same year of acquisition.

(c) Inventories

Inventories of consumable stores are stated at cost, less provision for obsolescence, or net realizable value, whichever is lower. Cost represents the purchase price of the item plus freight and handling charges.

(d) Severance Benefits

Seniority premiums, to which regular employees are entitled upon termination of employment, are based on the length of service to the Institute and commence after one year's employment. Charges relating to these payments are made against revenues in the year in which the benefit accrues to the employees.

(e) Revenue Recognition

Unrestricted Grants

Unrestricted grants are recognized in full as revenue in the year specified by the donor. If the pledge is cancelled in a subsequent financial period it is written off against revenues of the year in which it is cancelled.

Unrestricted grant revenue arises from the unconditional transfer of cash or other assets to the Institute.

Restricted Grants

Restricted grants are received in support of specified projects or activities mutually agreed upon by the Institute and donors. Restricted grants, which in certain instances are for periods of more than one year, are recognized as revenue to the extent of expenses. Funds received in excess of expenses incurred during the year are classified as "Accounts Payable - donors", while shortfalls of funds received to expenses are classified as "Accounts Receivable - donors" in the Statement of Financial Position. Provision is made in the financial statements for shortfalls of funds

received to expenses where collection is considered doubtful. In addition, a general provision on total receivables is made based on past experiences, and consideration of other relevant factors.

Restricted grants are recognized as revenue upon fulfillment of the donor-imposed conditions.

Challenge Program Grants

Challenge Programs are a means for the CGIAR system as a whole to take on global challenges in cooperation with a wide range of partners.

Grants, which in certain instances are for periods of more than one year, are recognized as revenue to the extent of expenses incurred. Challenge Program grants are recognized as revenue upon fulfillment of the partner-imposed conditions.

Grants-in-kind

These are recorded at the fair value of the assets (or services) received or promised, or the fair value of the liabilities satisfied.

(f) Commitments

Whilst these financial statements are prepared on the accrual basis of accounting, in compliance with Generally Accepted Accounting Principles (GAAP), management controls the day-to-day activities of the Institute via commitment accounting. The net difference on the Statement of Activity between commitment and accrual accounting for the years ended 31 December 2011 and 2010 is as follows:

	2011	2010
	(\$'000)	(\$'000)
Operating Commitment:		
End of Year	252	736
Beginning of Year	(736)	(621)
(Decrease)/Increase in Operating Commitments	(484)	115

(g) Indirect Cost Recovery

The indirect cost recovery represents the overhead cost recovered from the restricted projects based on rates agreed and as stated in each project document with donors. Calculation of indirect cost recovery rate is based upon the CGIAR guidelines issued in August 2001 and revised in December 2008 (Financial Guidelines Series, No. 5). The revised approach, fully adopted by IITA, draws upon activity-based costing (ABC principles).

3(a). Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand, balances with banks and short term, highly liquid investment that are readily convertible to known amounts of cash with original maturity periods of three months or less, and which are subject to insignificant risk of changes in value.

Cash and cash equivalents as at 31 December consisted of the following:

	2011 (\$'000)	2010 (\$'000)
Cash on Hand	813	548
Banks and Short-term Deposits	25,405	8,582
	26,218	9,130

3(b). Investments

Current investments represent term deposits in banks and medical receivables that are readily convertible to known amounts of cash with original maturities of more than three months but not exceeding one year. Current investments are carried at the lower of cost and fair value, with any resultant gain or loss recognised in the Statement of Activity.

Included in Investments are balances the Institute invested with ARS Portfolio 13 LLC and International Portfolio Access (IPA). The total value of the investment as at 31 December 2011 is \$14.89 million (IPA - \$5 million and ARS - \$9.89 million).

The investments are currently not performing and the Institute is in the process of recovering the principal and interest amounts.

The Institute had reported the case to the appropriate US Government Agencies and have engaged the services of a legal firm to pursue the case on its behalf. The board is of the opinion that the investment balances recorded in the financial statements are representative of their fair value, as there is a substantial likelihood that the Institute can recover a significant proportion of the monies in question. Consequently, no provision was made.

4. Accounts Receivable

Account receivables from donors consist of unreleased balances of approved grants and expenses advanced at 31 December, and are classified as follows:

	2011 (\$'000)	2010 (\$'000)
(a) Due from Donors		
Unrestricted	1,087	7,642
Restricted	2,261	1,112
Challenge Programs	406	665
	3,754	9,419
Provision for Non-Collectibles	(886)	(1,187)
	2,868	8,232
	2011	2010
	(\$'000)	(\$'000)
(b) Others		
Advances to Staff	354	356
Other CGIAR Centers	451	313
General Receivables	-	43
	805	712

5. Inventories

Inventories of consumable stores, which are stated at cost less provision for obsolescence, consisted of the following at 31 December:

	2011	2010
	(\$'000)	(\$'000)
Stores on Hand	2,142	2,120
Allowance for Obsolescence	(1,787)	(1,833)
	355	287
Stores in Transit	72	98
	427	385

6. Prepaid Expenses

These comprise imprests and advances to overseas agents for purchases.

7. Property and Equipment

	Expressed in US\$ thousands					
	Infrastructure	Lab./Scientific Equipment & Furniture/ Fixtures	Vehicles	Computer Equipment	Power- house	Total
Cost						
At 1 January 2011	5,639	16,980	7,695	6,078	1,744	38,136

Net Book Value at 31 Dec. 2010	5,500	2,178	1,203	632	762	10,275

The costs shown above include assets-in-transit of \$85,000 and exclude commitments of \$536,000.

8. Accounts Payable - Donors

	2011	2010
	(\$'000)	(\$'000)
Unrestricted	-	-
Restricted	19,964	8,801
Challenge Programs	439	475
	20,403	9,276

9. Accounts Payable - Employees

	2011	2010
	(\$'000)	(\$'000)
Repatriation	943	1,241
Vacation	617	670
Severance Benefits	2,272	2,491
Pension Scheme	188	245
Payroll Taxes	141	143
Other Payroll Provisions	433	579
	4,594	5,369

10. Accounts Payable - Others and Accruals

	2011	2010
	(\$'000)	(\$'000)
Other CGIAR Centers	3,688	2,908
Other Payable (Trade Creditors)	4,017	3,882
Accruals and Provisions	181	316
	7,886	7,106

11. Net Assets

Net assets are the residual interest in the Institute's assets remaining after liabilities are deducted. These are classified as follows:

(a) Undesignated net assets

That part of net assets not designated by Institute's management for specific purposes.

(b) Designated net assets

That part of net assets designated by Institute's management for specific purposes.

- *Designation for future acquisition/replacement of property and equipment*
- *Designation of net investment in property and equipment*

Portion of the unrestricted net assets designated to reflect net investment in property and equipment.

The following is a summary of net assets for the years ended 31 December 2011 and 2010:

	2011	2010
	(\$'000)	(\$'000)
Undesignated	7,382	6,665
Designated:		
Acquisition and replacement of property and equipment	10,758	10,663
Institutional stability and reasearch for dev. programs	1,500	1,500
Net investment in property and equipment	10,170	10,275
	22,428	22,438

12. Other Revenues and Support

	2011	2010
	(\$'000)	(\$'000)
Interest income (on investment)	526	697
Gain on disposal of fixed assets	45	82
	571	779

13. Expenses

Program related expenses

Program related expenses are expenses incurred by main research, research support, training and information services as described below.

Research Programs:

Cover expenses on research for development in sub-Saharan Africa.

Research Support Programs:

Include genetic resource and biometrics units, farm operations, plant growth facilities, post-harvest engineering, analytical laboratory and research management.

Training

Costs include training offices, fellowships, workshops, seminars, allowances to trainees and training-related travel.

Information Services

Cover the costs of publication of annual reports and technical bulletins, translation and printing of various public information activities and library service.

Program related expenses incurred as of 31 December were as follows:

	2011	2010
	(\$'000)	(\$'000)
Research - programs and support	41,184	45,305
Training	1,915	2,332
Information Services	514	443
	43,613	48,080

Management and general expenses

Management and general expenses in the accompanying statements of activity consist of:

General Administration

Covers the costs of board of trustees, director general's office, administration, internal audit, finance, human resources, personnel and purchasing departments.

General Operations

Include expenses on physical plant services, utilities, communications, security, catering and general services.

Management and general expenses incurred as of 31 December were as follows:

	2011	2010
	(\$'000)	(\$'000)
General Administration	3,715	5,038
General Operations	3,860	4,347
	7,575	9,385
